Abstract This file shows the instructions that you should follow for preparing the one-page abstract. Only English is allowed. The abstract should explain the substantial points of the paper you will be presenting.

The size of paper should be 297mm in height and 210mm in width (A4 Size). The left and right margins should be 20mm, and the top and bottom margins should be 25mm and 30mm, respectively. Accordingly, the typing area of each page is 242x170mm (9.63x6.69inch).

The font should be Times New Roman with single line spacing for whole document. Type the title with upper and lower cases, boldface, centered, and 12 point. Author(s) and Affiliation(s) should be upper and lower cases, centered and 10 point without degrees and titles of the authors. Allow one blank line between the title and author(s). Write the name(s) of author(s) in order of first name and family name (upper and lower cases). Affiliation(s) starts on the new line with one blank line below the authors.

The text body should start on the new line and two blank lines should be left between affiliation(s) and text blocks. The abstract should not exceed one page and should be more than a half page. You can include figures, tables, and references, if necessary.
